CAREER OBJECTIVE

Motivated and enthusiastic BCA student and aspiring Frontend Developer seeking a coding internship or entry-level role where I can apply my technical skills, learn from experienced professionals, and contribute to real-world web projects while growing as a developer.

TECHNICAL SKILLS

Languages & Markup: HTML5, CSS3, JavaScript (ES6+), Python

Frameworks & Libraries: React.js, Bootstrap

Tools & Platforms: Git, GitHub, VS Code, PyCharm, Vercel

Concepts: Responsive Web Design, Component-Based Architecture, Version Control, Cross-Browser Compatibility

PROJECTS

Personal Portfolio Website | chanchal-portfolio-pi.vercel.app

Tech Stack: HTML5, CSS3, JavaScript, Vercel

- Designed and developed a fully responsive personal portfolio website using pure HTML, CSS, and JavaScript to showcase projects, skills, and contact information with a modern UI.
- Implemented smooth scrolling, interactive animations, responsive navigation, and optimized layouts to ensure a seamless user experience across desktop, tablet, and mobile devices.
- Focused on semantic HTML, clean CSS architecture, and reusable JavaScript for improved maintainability, accessibility, and cross-browser compatibility.
- Deployed the website on Vercel with optimized assets and performance enhancements for fast loading and reliable hosting.

Layers — E-Commerce Concept Website | anarc-clone.vercel.app

Tech Stack: HTML5, CSS3, JavaScript, React.js, Bootstrap, Vercel

- Built a modern, fully responsive e-commerce concept website for an Indian startup brand inspired by Tech Burner's creative energy.
- Implemented smooth animations and a component-based structure to deliver an immersive user experience across all device sizes.
- Deployed the production build on Vercel with optimized assets and cross-browser compatibility.
- Focused on clean UI design, semantic HTML, and maintainable CSS to ensure ATS-friendly and scalable code architecture.
